3-12-55

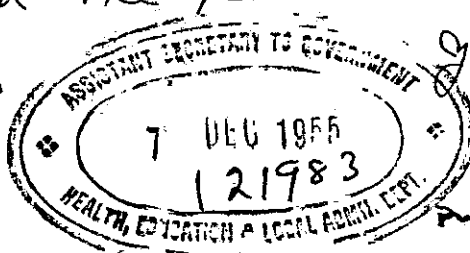

If you have not already

made up your mind, may we have
a health centre here, please? I have several
papers, I understand that the Govt have
thought of having 10 centres & have already
selected 9 places. One more place
remains to be selected. You may
remember I have been pressing this
on you for the past several months

Government of Madras,
Madras.

COONDAPOOR. S. K.

50 NOV 1955

SIR,

DATED 26-11-1955

Subject:

Health Centres - National Extension Scheme
Opening of one such centre at Byndoor in Byndoor-
Wandse National Extension Scheme Block South Kanara
District - Requested.

Ref:

I understand that the Government has sanctioned the

opening of ten Health Centres in the National Extension Scheme
Blocks in the State. In this connection I wish to request you
to order the open one such centre at Byndoor - B in Byndoor-
Wandse National Extension Scheme Block of South Kanara District.

Byndoor is an ideal and suitable place for locating a
Health Centre. A pucca Local Fund Dispensary building with
Inpatient and maternity Blocks are available there.

It is the Head-Quarters of the National Extension Scheme
Block with thick population around within a radius of ten
miles. All the facilities necessary for such a centre are
available there.

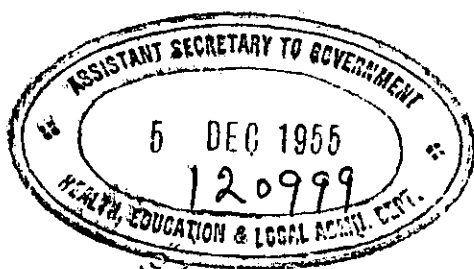

The District Board of South Kanara, Considering the
necessity and desirability of locating a Health Centre at
Byndoor, has also at its meeting held recently has passed
a resolution recommending the same to the Government.

So, I request you to consider this representation of
mine favourably and pass necessary orders.

Thanking you,

Yours faithfully,

Y. Manjaya Shetty
(Y. MANJAYYA SHETTY)

Sub:- Medical Institutions--South Kanara District--
Opening of health centres.

Ref:- From Sri. Grama Seva Sangham, Manjeshwar,
dated 26-11-55.
From Sri Y. Manjappa Shetty, M.L.A. dated
26-11-55.

...

Orders have been issued in G.O.3537 health, dated 21-11-55 sanctioning the establishment of 10 health centres in N.E.S. blocks in the State. Orders in regard to the location of nine of the ten health centres have also been issued in that G.O. In regard to the tenth centre it has been proposed by the D.M.S. that it may be located in Singarakottai in Ramanathapuram. A reference has been made to the D.M.S. whether the place is really Singarakottai or Singampuneri and his reply is awaited. Proposals for opening two more centres in the current year are under consideration and as recommended by the D.M.S. they are proposed to be located in Tiruvarankulam in Alangudi Block in Tiruchirappalli District and in Checkanurani in Tirumangalam Block in Madurai District. Proposals for opening 28 centres in 1956-57 under the Second Five Year Plan are being considered as a Part II Scheme for 1956-57. The places where these 28 centres should be located have not yet been selected. Submitted for orders whether with reference to the position indicated above, a reply may be given to the letters in the current file on the following lines:-

"Proposals for the opening of 28 health centres in 1956-57 in N.E.S. Blocks are under consideration and that after orders are passed thereon the question of locating one of these centres in the place suggested by you will be considered by the D.M.S."

May be circulated to the M.(H.) and the M.(A.)
for orders with reference to the minutes at
pp.1 and p.c.1.

Sir,

Sub: Loans and grants - Karkala Panchayat - South Kanara
District - Water Supply and Drainage Scheme - request
for grant - Regarding:

Ref: Your endorsement No.4673 PH/54-1 dated 11-10-54.

It is seen from the letter dated 1-8-54 of the President,
Karkala Panchayat, addressed to the Ministry of Public Health,
New Delhi, that he has requested sanction for a grant of
Rs.50,000/-towards the construction of masonry drains in the
Panchayat. But no proposals for the work have been submitted
by the Panchayat so far for my approval and sanction.
Therefore, the question of sanctioning any grant for the work
does not arise now.

The enclosures to your endorsement cited are returned
herewith.

Karkala Panchayat,
South Kanara District.

To

The Ministry of Public Health,
New Delhi.
Through Sri A.B.Shetty, ~~for~~ 3/
Minister for Public Health.
M A D R A S.

Sir,

Sub:-Public Health--Karkala Panchayat--South Kanara--grants
from the central Government, New Delhi for Rural Sanitation
schemes--requested.

I have the honour to communicate the following resolution of this Panchayat Board passed at its meeting held on 29-7-1954. "Resolved to request the Central Government, New Delhi through the Health Minister, Madras, to allot Rs. 50,000 (Rs. fifty thousand) to enable this Board to construct cemented drains in this Panchayat to improve the sanitation of this rural area from out of Rs. 12 crores set apart by them for urban and rural water supply and sanitation schemes. The President is authorised to correspond with the authorities in this matter."

This Panchayat has 13 miles 262 yards length of roads and there are only kuchha drains on either side of them. This Panchayat has no resources whatever to spare for the purpose of improving the drainage and the sanitation within it. This is a matter which requires immediate attention in view of the recent Report of the Regional Malarilogist, Coimbatore who administered a grave warning to this Panchayat that unless immediate anti-mosquito measures are undertaken by it the dreadful disease of Filariasis will spread in the area with its grave consequences. This Panchayat cannot afford to

to spend the large amount to institute the proper drainage and other Sanitation measures which are the vital factors in exterminating the fell disease in its present early stage.

In this connection I wish to inform you that the urgency of taking up the necessary measures was stressed by me in the memoranda dated 9-11-1953 and 31-5-1954 presented to the Honorable Sri A.B. Shetty, Minister for Public Health, Madras State during his visits to this Panchayat which is a part of his constituency. In the memorandum presented to the Hon'ble Dr. Katju during his visit to the Panchayat office on 1-11-1953 (copy of which was posted to you and now has been enclosed for reference) his kind attention was invited by me on behalf of the Panchayat in para 3(a) to the urgency for the extermination of the disease which is one of the triple enemies of this rural population. Therein, I requested the Central Government, New Delhi to give early effect to the large scale health programme of the Planning Commission by sanctioning the expenditure for a proper drainage system and over-all anti-mosquito measures in this Panchayat.

I, therefore, request you to sanction for that purpose for the present Rs. 50,000 from out Rs. 12 crores set apart by the Central Government, New Delhi for rural sanitation and other schemes.

I request the favour of an early sanction.

Thanking you,

Yours faithfully,

Sd/x x x x x x x x x
President.

M E M O R A N D U M submitted by the President, Panchayat Board, Karkala (South Kanara) to the Hon'ble Dr. Kailas Nath Katju, Minister for Home Affairs, Government of India, New Delhi, at Karkala on his way from Udipi to Mangalore.

33
K A R K A L A, (S.K)
1st Nov., '53.

04/11/53
Dear Dr. Katju,

Subject:- Public Health and Labour Housing Scheme--Karkala
Panchayat--South Kanara --Grants from the Planning Commission's National Extension Service Funds.

On behalf of the Panchayat Board and of the residents of this place, I beg to offer you a hearty welcome to this ancient historic town situated in the malnad regions of the Western Range of Mountains. It is a Jain centre of pilgrimage. Just as you go along this highway about a milesway from here to the west of the road in this panchayat area is Hiriangadi, the seat of a Jain Basadi. In front of the basadi is a 52 feet high monolithic granite pillar known as manasthamba which according to Ferguson is the 'most beautiful in India. From there if one goes back to the east of the main highway by one of the edges of the Ane-kere (Elephant tank), to a rock about 100 feet high, steps out in the rock lead to the top where stands the famous monolithic statue of Gomateshwara in black stone, 42½ feet high, -st It was installed in its position by a Jain King by name Veera Pandya on February 13, 1432 A.D.

On another rock lower than the Gomateshwara rock and a ~~little~~ little to the north is the Chaturmukha (four fronted) Basadi, constructed all of granite. As one enters any of the four doors of this majestic structure, one sees three naked standing images of Thirthankaras made of polished black stone.

To the east of these rocks and at their foot is the beautiful lake Rama-samudra built in ancient days by one of the Jain kings ruling in Karkala.

This town stretches over a distance of 2 miles. The Sri Venkateswaramana Temple has four black granite pillars with intricate carving of exquisite fineness and beauty by a local sculptor who is our contemporary. This town is also noted for the temple of Sri Ananthashayana Containing a huge image of black granite in a reclining posture. If you can spare some time, we wish you to visit these important places in this town to satisfy yourself regarding their majestic beauty of sculpture and the importance of this town.

I may be permitted to mention that there is a Sanskrit college which was started some years ago and which is affiliated to the University of Madras for the Sahitya, Ayurveda and Jyotishya Shiksha courses, the tuition, boarding and lodging being free for all its students.

2. I wish to take advantage of your sudden visit to this place at very short notice to make the following representations on the occasion of your passing through Karkala on your return from Udipi to Mangalore:-

3. This Panchayat area is included in the Community Projects scheme for rural development in South Kanara. I made a request to the concerned authorities to sanction grants for the institution of a proper ~~drainage system~~ drainage system all over the Panchayat Area. The work cannot be taken up for execution by the Panchayat owing to its financial limitations. Our sources of income are limited and our needs of civic amenities are many. The Local Bodies in the main should look after the health of the locality, comfort and well-being of its residents. The Madras village Panchayat Act of 1950 came into force for the first time in last April and ever since then, many schemes have been prepared by the Panchayat and await consummation owing to the paucity of available funds at our disposal. The Community Projects has promised some grants

towards the construction of a new road and the reconstruction of a bridge in this town.

(a) The survey Report of the Regional Malariaologist Coimbatore who visited this place sometime ago contains grave warning to this Panchayat that unless immediate anti-mosquito measures are undertaken by it the dreadful diseases of Filariasis will spread in the town with its grave consequences. The Panchayat cannot afford to spend the large amount to improve the drainage and sanitation of the whole area which are the vital factors in exterminating the fell disease. The extermination of the triple enemies of this rural population viz., poverty, disease and ignorance is the most urgent and important necessity of the hour, public health being an integral and essential part of the rural prosperity. I request the Central Government to give early effect to the large scale health programme of the Planning Commission's National Extension Service by instituting a proper drainage system all over the area and by ordering over-all anti-mosquito measures. Without adequate help and the initiative of the N.E.S., the Panchayat cannot improve the sanitary and health conditions of this town.

(b) The sweepers and the scavenging staff of this Panchayat are now living with their families in ill-ventilated, insanitary and rickety huts. The Ministry for Labour-Housing is to be moved to order the construction of the housing scheme for them and meet the entire cost thereof as a part of the Harijan welfare Scheme.

I make an earnest appeal to you to bring these matters to the notice of the concerned Ministries in the Central Government so that sufficient funds may be ear-marked by each of them in the Revised Budget for 1953-54 if possible or in the Budget Estimates for 1954-55 if need be, for those purposes to enable this Panchayat to get the work executed under each head as early as possible.

Thanking you for the trouble taken by you and the patience with which you have heard our humble representation.

I remain,
Yours faithfully,

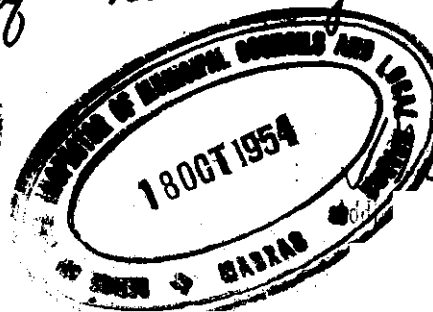

(sd) R.H.Shenoi,
President,
Panchayat Board, Karkala.

388 Karikal Pt. Bd.

proposes to take up construction of
cemented drains with the Pt. to improve
sanitation see Pt. has requested
that a grant of Rs 5000 - may be
granted to the Pt. for the purpose
from the allotment made by the Govt
of India for urban and Rural
water supply and sanitation scheme.

p 23 of

On a reference made by the Govt,
the Sany. Engr. reported that no pro-
posal for the work had been sub-
mitted to him by the Pt. and that the
question of sanctioning a grant
for the work did not arise.

C.E., P.W.D. (Ct+B) agreed with the

(P.T.O.)

Sang. Engr. ~~In supervision of his~~
~~Remarks~~

P 21 of

In supervision of his
 previous Remarks the E.E. has recommended that a grant of Rs 5000/- may be provided in the B.E. for 1955-56 for the work and that the Pt-Bd. may be asked to address the Sang. Engr. for the preparation of plans and estimates for the work.

P 23 of

P 25 of

Ch. 2

It may be in this connection, be noted that the Name of the Pt. in the Compendium of drainage schemes is only 352. The question of giving a grant for a w.s. or drainage scheme with ~~the~~ considered only when it is taken up according to the priority fixed with. In this case, the cost has to be borne by the Pt. as its Name is very low. It is not clear from the E.E.'s letter why he has recommended a grant of Rs 5000/- for the work when its Name is very low and no plans and estimates are ready for the work. It is a deviation in value made from the priority fixed ^{for the scheme} there should be sufficient justification for it. The E.E. may be asked to justify his proposal. A draft memo is submitted below for approval.
